# Welcome!

On behalf of the Board of Directors and staff, we welcome you to Care Net Pregnancy and Family Services of Puget Sound's 101 Introductory Seminar..

During your time with us, you will learn:

**As We Look At The Culture:** Legal issues in the United States and in Washington State related to abortion

**As We Look to God:** the Biblical Basis of the Sanctity of Human Life

**How We Are Called to Provide an Answer:** How Care Net of Puget Sound works to provide solutions to the problem at hand.

You may be here today as a representative from your church or someone interested in the work of Care Net of Puget Sound for personal reasons or you are here to discover how you might be able to volunteer with Care Net.

Each individual contributes directly to Care Net of Puget Sound's mission, growth and success. We hope you will consider becoming a member of our team as one who wishes to donate your time or resources or partner with us in upholding the Sanctity of Life.

Care Net of Puget sound is a 501.c.3 non-profit religious organization. The mission of Care Net of Puget Sound is to bring compassionate help and hope to women, men and teens facing an unexpected pregnancy, families (mothers and fathers) unprepared for parenting; to present saving sexual expression for marriage as a positive lifestyle; to provide opportunity for healing and restoration to those who have been hurt by abortion; and to present the Gospel of Jesus Christ.

This guide was developed to list the many ways we connect in our community and how volunteers give of their time and find how God is calling them in ministry work. It will also provide you information on how to apply to volunteer, training and time commitment involved.

We are excited that you are exploring options for ministry with us. We are praying for you as you discover how you might serve the Lord through Care Net of Puget Sound. Every volunteer position assists the core mission of the ministry.

You are welcomed to invest your time in as many areas of Care Net of Puget Sound as you wish. Experience has seen great success for volunteers to start training in one area. Once on that program's schedule, volunteers may train and serve in other service/program areas.

We hope that your experience with us today will be enjoyable and informative. Again, welcome!

Sincerely,

Executive Director  
Care Net of Puget Sound

## Prayer Chain

The foundation of Care Net of Puget Sound's ministry is prayer. We ask you to join us in continual prayer to combat those forces in the spiritual realm for women facing critical decisions, for men and women who are healing from their past abortion experience and for youth receiving necessary information about their relationship choices. Prayer is also needed for the "workers of the harvest."

There are four options for specific prayer involvement. You may choose one or any combination of the following:

1. Monthly prayer newsletters via email to provide information on general prayer needs. Newsletters include requests and praises, as well as a devotion and client stories.
2. Prayer requests from each center via email. You will receive 6-9 emails per month.
3. Text notifications to mobile phone when immediate prayer is needed for a client being seen at one of our centers, particularly if the client appears to be very abortion-minded. Our "NOT THIS ONE"

- text message provides no details but is a request for God to spare that unborn child.
4. Join your local center for their monthly day of intercessory prayer and/or commit to praying for a particular steering committee or special event.

Apply online visiting <http://carenets.org/prayer-partner/> or call 253-383-6033

At this time, prayer chain information and updates are provided electronically by email or text.

## Church Liaison

Church Liaisons serve as the key communication link between Care Net of Puget Sound and their church family and pastors by making Care Net news and needs known through church bulletin announcements, etc. Quarterly newsletters are emailed to our liaisons informing them of volunteer opportunities, baby bottle campaigns and upcoming events that may be of interest to their church body.

A church liaison could also serve as an important link for a member of the church who needs help or knows of someone who needs help during a crisis pregnancy or healing from a past abortion experience.

Apply online visiting [carenets.org/church-liaisons/](http://carenets.org/church-liaisons/) or call 253-383-6033

**Time Commitment:** 2 years (preferred) and as your church family participates in events
